

POLICE DEPARTMENT PRESENTS ITS NEEDS

Wants Thirty-Eight Men and Five Automobiles for New Territory.

SCHOOLS ASK FOR LARGE SUMS

Eventual Improvement Outline for New Section Will Cost \$800,000. Salary Appropriation Must Be Made by Date of Annexation.

Thirty-eight extra patrolmen, eight horses and five automobiles are wanted by the Board of Police Commissioners to take care of the demands that annexation will make upon this department. A bill of particulars outlining the needs in detail, was presented to the Council Finance Committee last night by a delegation from the Police Board, which included Commissioners Bradley and Parker, Chief of Police Werner and Bertillon Operator Toler.

In addition to this equipment, the Police Board asks for the installation of a signal system in the new territory at a cost of \$11,000. The system is to embrace forty patrol boxes, distributed over the sixteen square miles of new territory that will be annexed. The annual increased salary and maintenance charge that the increases asked for will entail, is estimated at approximately \$45,000.

SCHOOL BOARD

Chairman Ebel, of the School Board, submitted to the committee a detailed statement of the improvements that will be necessary to care for the school needs of the new territory. The city is obligated by the annexation decree to pay the cost of operating the schools in the annexed district from the annexation date, November 5, until January 1, 1915. This will cost \$17,022.12, and will have to be appropriated at once.

School improvements in the near future, embracing the construction of several new school buildings and the enlargement of others, at an aggregate cost of about \$800,000, are other items included in the School Board's statement. The committee was urged to authorize the board to proceed at once with the preparation of plans for a \$150,000 school to be built at Bainbridge Street and Courthouse Avenue, South Richmond, and for a new school in Ginter Park. The construction of a school in Ginter Park at a cost of not less than \$200,000 is provided for in the annexation decree.

The committee questioned Chairman Ebel and Superintendent Chandler closely upon the most urgent items of the improvement schedule, reminding the authorities that the precarious state of the financial market at present counseled extreme caution in proceeding with plans calling for large expenditures. The committee adjourned at 10:30 o'clock to meet again in executive session at 8 o'clock Monday night.

DEFER ACTION ON REQUESTS FOR WATER IN SUBURBS

Committee Wants Data on Water Supply Before Settling on Non-Residents.

The Council Committee on Public Buildings, Properties and Utilities devoted a forty-minute session last night to a consideration of several applications for non-resident water connections in the western suburbs. Several members, including Alderman Christian and Chairman Mitchell of the committee, expressed their doubts as to the wisdom of pursuing further the policy of freely granting suburban water connections, in view of the reported limitations of the city's water plant.

Councilman Watkins pointed to the extension of the main to Richmond College as evidence that the city intended no curtailment of this service, and was in favor of allowing all intermediate connections under the usual restrictions requiring property owners to make all installations at their own expense and to pay the usual non-resident rates.

The committee voted to defer action on all pending applications until the state of the water supply can be more fully ascertained, and until the City Attorney and the Superintendent of the Water Works can be consulted as to the advisability of recommending the applications now before the body.

many women in the audience on the main floor and gallery. Every seat in the hall was taken.

PRESIDENT BREDDIN SUBMITS ANNUAL REPORT

Following his response to the Mayor's speech of welcome, President Breddin submitted his annual report to the association. Reviewing the work of the organization during the past year, the president told of the growth of the association and how its sphere of usefulness has been enlarged. He recommended that a permanent headquarters for the association, with permanent headquarters, be selected; and at the afternoon session the convention decided to act in accordance with this recommendation. The president then suggested that Chicago or some other large city centrally located be named as permanent headquarters.

For the benefit of young men desiring to become bakers, President Breddin recommended that the association establish several training schools and laboratories in various sections of the country. He suggested that such schools might form secondary schools, under the State colleges and universities. The president said he favored the establishment of several smaller training schools instead of one large institution, as he believed that such schools would be accessible if located at several places. The proposed schools, if established, the President believes, would supply the demand for efficient and well-qualified young men to work as bakers in the plants of the larger bread-making concerns of the country.

ADDRESS ON EFFICIENT TRADE ORGANIZATIONS

A. P. Husband, secretary Millers' National Federation, delivered an interesting address on "Efficient Trade Organization" at the morning session. The address of Mr. Husband, who is an expert in his line, proved vastly interesting to the bakers. He urged the necessity of a strong organization, and stressed the point that a successful business cannot be established on haphazard methods.

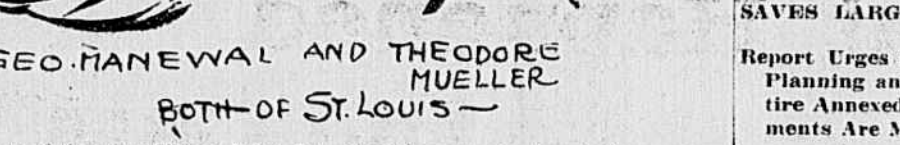

The report of the executive committee, submitted by Secretary B. F. Whitecar, of Philadelphia, shows that the past year has been one of general advancement and prosperity in the baking trade, despite the widespread business depression incident to the foreign war. The report says that never before have so many new bakeries been constructed and older ones improved as during the past year, and that the physical condition of the bakeries throughout the country generally has been made thoroughly modern in every respect.

"Prior to the outbreak of the European war," the report continues, "prevailing prices of raw materials were such as to insure fair returns on the baker's investment. Since that time, however, and owing to the war and the efforts of speculators, market conditions have been unsettled, and the

SPRUELL CONVICTED OF MALICIOUS WOUNDING

Sentenced to Five Years in Prison for Shooting West Street.

Joseph Spruell was convicted in the Hustings Court yesterday of malicious wounding, and sentenced to serve five years in the penitentiary. The indictment charged him with inflicting a pistol wound upon West Street on September 5.

E. H. Smith, indicted for grand larceny, was convicted of petit larceny and given six months in the penitentiary. Smith was formerly employed as a driver by the Southern Express Company and was arrested on the charge of stealing \$62. He had been in jail for several months awaiting trial, and the fact was taken into consideration by the jury in fixing his punishment.

Clements Struther and Percy Bundy, sentenced to ten years each in the penitentiary at the July term of court, failed yesterday to secure a retrial. A new trial was sought by their counsel, Attorney Alfred Kirsh, on the ground of after-discovered evidence. The court, however, found the evidence insufficient and reaffirmed the sentence imposed in July.

Orville Henderson was found guilty of petit larceny and was sentenced to serve fifteen days in jail.

HENDERSON FINED FOR ATTACKING EMPLOYER

Said to Have Used Shovel in Street Fight—McGregor Is Dismissed.

John Henderson, colored, who was arrested by Bicycle Policeman Kidd while making an assault on M. McGregor, a contractor with a shovel, was yesterday fined \$25 and costs in the Police Court. McGregor was also arrested, the charge against both men being fighting in the street. Henderson was dismissed in court yesterday, when the charge against him was merely defending himself against the attack of the negro driver. The charge of carrying a concealed razor, which was also entered against Henderson, was dismissed.

Prohibition League to Meet.

Members of the Woman's Prohibition League of America will hold their regular weekly meeting at 2 o'clock this afternoon at league headquarters, 115 South Third Street. Prayer service will be conducted by Mrs. John Lindsay.

Theft of Clothing Charged.

Sallie Young, alias Sallie Green, colored, was last night arrested by Patrolman Whitlock, charged with stealing \$25 worth of clothing from R. L. Lumpkin.

Said to Have Taken Money by Force, Marvin Walker, colored, was last night arrested by Patrolman Talley and Hill, charged with assaulting J. T. Tinsley and taking \$7 in currency from him by force.

KNIGHTS OF PYTHIAS

HOLD ANNUAL SESSION

Forty-Sixth Convention Opens at Murphy's Hotel With Large Attendance.

PYTHIAN SISTERS ALSO HERE

Public Meeting of Grand Lodge to Be Held To-Night in Auditorium of John Marshall High School. Judge Richardson to Preside.

The opening session of the Grand Lodge of Virginia, Knights of Pythias, now holding its forty-sixth convention, was held last night in the assembly hall of Murphy's Hotel, in which a large number of delegates were gathered. In another hall in the same hotel was held a meeting of the Pythian Sisters.

Grand Chancellor John W. Bear, of Clifton Forge, presided at the meeting of the Knights. An address of welcome was delivered by Minnie Folkes, Commonwealth's attorney, and response was made by Mr. Bear. An eloquent address was then delivered by W. B. Ritchie, of Lima, O., past supreme chancellor, who some years ago rewrote the ritual of the order. Nearly a hundred past chancellors took the grand lodge rank afterwards. Reports of the officers were presented, all showing that the order has achieved remarkable growth during the fifty years of its existence.

Among the visiting delegates from out-of-town were D. C. Wallace, vice-chancellor of Franklin Lodge, of Washington, D. C., the oldest lodge of the order.

WILLIAM MCK. WOODHOUSE TO BE MADE GRAND COUNCILLOR

Officers will be elected this afternoon, and it is said that William McK. Woodhouse, of Norfolk, grand vice-chancellor, will be made grand councillor. Charlottesville will probably be selected as the next city for the convention.

The address of welcome to the Pythian Sisters was delivered by Mrs. Lena Wood, of Temple No. 5, and the response was made by Mrs. Anna Perry, grand chief of the State. Captain J. T. Bailey addressed the body on behalf of the grand lodge.

A public meeting of the grand lodge will be held in John Marshall High School to-night, beginning at 8 o'clock. The meeting will be called to order by E. R. Boyer, chairman of the golden jubilee committee, and prayer will be led by Rev. J. C. Holland. Judge D. C. Richardson will be the presiding officer. Mrs. Emma Byrum, of Washington, D. C., supreme representative and deputy of Pythian Sisters, will deliver an address, and will be followed by W. B. Ritchie, of Lima, O., who will make the principal address of the evening in commemoration of the fiftieth anniversary of the order.

HIGH SCHOOL JANITOR SELLS OBSCENE PICTURES

Christian Juhl Fined \$10 in Police Court—Said to Have Lost.

Christian Juhl, the John Marshall High School janitor, arrested on a charge of selling obscene pictures to J. E. Walker, was yesterday fined \$10 and costs when arraigned before Justice Crutchfield in the Police Court. It is said that he lost his position at the High School as a result of the Police Court charges.

Evidence brought out during the hearing was to the effect that the pictures were exhibited during a heated argument over the relative merits of the French and European wars between Juhl and Walker. Juhl said that his wife had ordered him to dispose of the pictures, and that when Walker offered to buy them for 40 cents he accepted. There was no evidence to show that he had sold any of the pictures to students of the school, and this accounted for the relatively small fine imposed.

Continued Indefinitely.

The case against E. W. Shaw, charged with stealing a \$45 gold watch and a \$100 diamond ring, was continued indefinitely yesterday in the Police Court. A continuance of this kind is generally regarded as a dismissal.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When cross, feverish and sick give "California Syrup of Figs."

Children love this "fruit laxative," and not only is it a pleasant and tender stomach, liver and bowels so nicely adapted to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

Healthy, Wrinkle-Free Skin Easy to Have

A dull, drab, muddy complexion, or an over-red, blotchy, pimply or freckled skin, can be a quite simple, harmless and inexpensive matter to change to one of fewer like radiance and purity. One ounce of common mercuric iodine, sold by druggists generally, will remove the most unsightly complexion in from one to two weeks. By the use of this iodine, the most unsightly, faded or discolored layer of skin film, which hides the healthier skin underneath, is gradually peeled off in tiny, almost invisible particles. This is done so gently there is no inconvenience, and no trace is left on the skin except that of enhanced beauty. The wax is smeared on like cold cream before retiring, and removed in the morning with warm water.

If the skin be wrinkled or saggy, a face mask, made by dissolving 1 oz. powdered salicylic acid in 1 pt. witch hazel, will be found most effective. Combining both astringent and tonic properties, this tightens the skin and braces up its supporting muscles.—Advertisement.

PURSUING FLEEING NEGROES THROUGH RAILWAY YARDS

Two Men Locked Up on Charge of Holding Up Aged Colored Man.

After a chase lasting nearly 40 hours, and in which more than a score of persons took part, Detective Tinsley and Patrolman Wescott, of the Third Precinct Station, late yesterday afternoon captured Will Parker and Charles Jones, both colored, and locked them in the Third Station, charged with holding up Alfred Allen, an aged negro, and stealing his pocketbook, containing a small sum.

Allen was held up near the Southern Railway shops while on his way home, and at once gave the alarm. The police took up the hunt, and a number of citizens joined in. The two negroes ran desperately to avoid capture. They dodged through the Southern shops and yards, with the police at their heels. They dodged behind moving trains, and twice risked their lives in crawling under cars, but in the end they were cornered and forced to surrender.

SCHOOL CASE UP TO-DAY

Henrico Injunction Proceedings to Be Heard by Judge Scott.

The injunction proceedings by which R. A. Smith is endeavoring to prevent the Henrico County School Board from paying for the upkeep of an automobile purchased by the board for Superintendent of Schools A. D. Wright will be heard to-day by Judge Henry Circuit Court.

The automobile was purchased some time ago for Superintendent Wright. Hills for its upkeep have been sent to the School Board, it is alleged, and the injunction is for preventing these bills being paid from the School Board fund.

Speeding in Barton Heights.

Clarence Hall was yesterday fined \$10 and costs by Magistrate R. A. Smith in the Henrico Magistrate's Court on a charge of recklessly running an automobile through Barton Heights several days ago.

LARGE WATERY PIMPLES ON FACE

Began to Itch. Rubbing Made Them Worse. Festered and Came to Head. Could Not Rest. Used Cuticura Soap and Cuticura Ointment. Trouble Gone.

Terry, Miss. "When I first noticed the trouble it was five pimples which began to itch on my entire person, but my face seemed to be more affected than other parts. I would rub them which would make them itch much worse. Then I began to scratch and this caused them to become large and form watery pimples. They festered and came to a head, then they burst and became sores. On account of the itching at night I could not rest well.

"After using skin lotions they would heal a little, then break out again. After about a month my sister told me about Cuticura Soap and Ointment. I used water as warm as I could bear and made a lather with Cuticura Soap, bathed then dried and applied the Cuticura Ointment which gave relief at once. I kept on using them and in a month's time the trouble was entirely gone. Cuticura Soap and Ointment had cured me." (Signed) Mrs. Ella A. Hunter, Jan. 31, 1914.

Samples Free by Mail

For red, rough, chapped and bleeding hands, itching, burning palms, and painful finger-ends with shapeless nails, a one-night Cuticura treatment works wonders. Soak hands on retiring, in hot water and Cuticura Soap. Dry, anoint with Cuticura Ointment and wear bandages or old linen gloves during the night. Although Cuticura Soap (25c) and Cuticura Ointment (50c), are sold by druggists and dealers everywhere, a sample of each with 32-p. Skin Book will be sent free upon request. Address post-card: "Cuticura, Dept. T, Boston."

ANOTHER ECONOMY

In Modern Gas Light

PRICES REDUCED

Welsbach & Reflex

"SHIELD OF QUALITY"

Gas Mantles

The heart of the light is the mantle. The tremendous economy, efficiency, and agreeable easy-seeing quality of Modern Gas Light depend upon the use of Welsbach and Reflex "Shield of Quality" Mantles. To introduce this kind of gas light to everyone, and to remove every excuse for using inferior and inefficient mantles, the prices of Welsbach and Reflex Mantles have been sharply reduced:—

25c "Reflex" brand, now 15c
35c "Welco" brand, now 25c

Welsbach and Reflex Mantles are a wise and profitable purchase. At the new low prices, they are a real bargain! They last longer, use less gas and produce the quality of light that means eye comfort and satisfaction.
